

Allen Xie

Director of China Division

Allen Xie is the Director of the SIS China Division based in Guangzhou and Shenzhen known as the heart of excellence in electronics design, quality and production

Allen is one of a group of young entrepreneurs and professionals who have revolutionised the design, quality and sales of hi-tech, world beating, electronic security products and systems emanating from China.

University educated, with a wide-ranging career in electronics design, product development, and international sales and marketing , Allen is the modern face of Chinese business and the consummate professional.

The China Division of SIS, under Allen's leadership, will assist our clients in all aspects of product procurement, company and quality inspections, to ensure confidence before purchase. He and his team will assist our clients visiting China for business, including travel and hotel arrangements, interpreter and legal services.

Les Leek, Managing Director of SIS said, "We are delighted that Allen Xie is heading up our China Division and with his professional background and experience he is well placed to provide a valuable service to our clients
